

cream with black molding

Uptown Crib

Taking inspiration from the architecture and furniture design of 15th century Britain, the Uptown Crib is reinterpreted with a modern twist and playful and sophisticated colors. Available in two color lacquer combinations, the crib is enhanced with high contrast reveals and accessorized with over-scaled brass hardware. A three-level mattress height, fixed side rail and roomy under-drawers emphasizes its safety and functionality. When it is time for a grown-up bed, components can be purchased to use with a crib end and drawers to create a stunning twin bed.
